

Surprise rebate programs offer incentives for water-conscious customers

Surprise water customers who want to help with water conservation efforts now have additional incentives to save.

Beginning July 1, city-serviced residential customers can choose from several water conservation rebate programs to help save water and money.

WaterSense®-labeled irrigation controller rebate

Customers who purchase and install a WaterSense®-labeled irrigation controller may be eligible for the cost of the controller, up to \$125, excluding installation/labor, shipping, tax, etc. Residential, homeowner association, schools, multifamily and commercial properties are eligible to apply.

Additional guidelines apply; view the [rebate program requirements](#). Access the application at surpriseaz.gov/waterconservation.

Single-family new home Xeriscape landscape installation

Receive a \$200 rebate for installing low-water use landscape on your property! Eligible properties must be new, single-family residential homes purchased and built within the past two years of date of application. Total front and backyard landscaped area must exceed 1,000 sq. ft.; and all plants used in the landscape design must be listed on the [Arizona Department of Water Resources plant list](#).

Applications must be received by April 15, 2021, pre-eligibility approval required, and Xeriscape landscape installation must occur by April 30, 2021.

Additional guidelines apply; view the [rebate program requirements](#).
